

**ONLINE
PROGRAM**

BUILD Building Unbiased and Inclusive Workplaces Leveraging Diversity

An Information and Orientation Program For International Professionals in Architecture

If you are an Internationally Educated Professional in Architecture looking for information to jumpstart your career, BUILD is the program for you!

THIS 8-WEEK FREE ONLINE PROGRAM INCLUDES:

- **Webinars on three key topics: Architectural Design, Construction/Architectural/Engineering Technology, and Architectural/Construction Management in Canada**
- **Sector-specific information, industry regulations and job search support**
- **Mentoring and internship opportunities**
- **Networking and employer connections**

ELIGIBILITY REQUIREMENTS:

- Permanent Resident or Convention Refugee status
- Intermediate English-language proficiency
- Education in architecture or related profession and/or related work experience.

The practice of architecture in Ontario is governed by the Ontario Association of Architects (OAA). All individuals who are internationally trained in the field of architecture, or who have held the status of architect in another jurisdiction must contact the OAA or visit the OAA website at www.oaa.on.ca for current information about licensing requirements and the licensing process in Ontario. JVS Toronto is not a licensing body. For further details, visit www.jvstoronto.org/find-a-job/newcomer-employment-services/

Spring and Fall Cohorts. Now Accepting Applications. Apply Today!
